

Family Ticket Scheme/Application Form

Associate Clubs & Community Based

Whether you're a young player looking to develop your Rugby League skills or have simply enjoyed working with our community team at school, we'd like to see you at Featherstone Rovers during our 2010 season. Simply complete the information below and either have the document verified by a Community Team Member at school or bring to the club with your players registration card for us to confirm. On completion of the form we will issue you with a family ticket for the League season which you can use for you and one parent/guardian at each of our home league fixtures. At the first game we would like to welcome you as our guests, completely free of charge!

Your form will be stamped on entering the stadium and if you enjoy your visit, we'd like to see you again where we will make the small charge of just £2. Each subsequent game thereafter will incur a small increase. The value of the ticket is £17 for one Adult/1 Child at each game so this is a great way of sampling Rugby League at exceptional value. There are no additional charges once in the stadium, you can sit in either stand and you are free to move around and sample the game from all areas!
